ANTARCTICA EXPLORER EXPEDITION - DISCOVERING THE 7TH CONTINENT

Our classic 11- or 12-day Antarctic Explorer: Discovering the 7th Continent itinerary delivers the very best of the Antarctic Peninsula in one unforgettable journey: cross the legendary 800-kilometer (500-mile) Drake Passage; explore majestic polar landscapes by Zodiac, kayak, or on foot; photograph penguins, whales, and seals framed by towering ice; and deepen your experience with expert presentations on history, biology, and glaciology.

Some departures may have slightly modified itineraries. Certain departures leave from Ushuaia and do not include charter flights. Please confirm the itinerary with an Expedition Specialist.

ITINERARY

Day 1: Arrive in Buenos Aires, Argentina

Upon arriving in this splendid city, known for its vibrant Argentinian culture, European architecture and cosmopolitan vibe, you will independently transfer to the designated group hotel, which is included in your Charter Flight & Hotel package.

Day 2: Fly to Ushuaia and Embark

After an early breakfast at the hotel, the group will transfer to the airport and board our private charter flight to Ushuaia, Argentina. Upon arrival, you will be transferred from the airport to a central downtown location to explore this quaint port town on your own before making your way to the designated meeting spot. After a late afternoon embarkation, you will sail along the historic Beagle Channel, which transects the Tierra del Fuego archipelago in the extreme south of South America. Excitement builds in anticipation of your next stop: the Antarctic!

Day 3 & 4: Crossing the Drake Passage

The unpredictable and exciting Drake Passage is an adventure unto itself. While being well taken care of by our expert onboard staff and leaders, you'll have plenty of time to gaze out at the ocean, take pictures of seabirds swooping around the ship, and get to know your Expedition Team and fellow travelers.

Day 5 to 9: South Shetland Islands and Antarctic Peninsula

Once the Drake Passage is left in our wake and the South Shetland Islands come into view, your Antarctic adventure truly begins. You will begin to appreciate why this region has long captivated the attention of explorers and travelers alike. On every visit to Antarctica, we witness something new or unexpected, which means your expedition will be unlike any other—a unique, personal experience. Each day, you will take Zodiac excursions from the ship to explore local bays, channels and landing sites. You will visit penguin rookeries, scout for humpback and minke whales, and search for a number of southern seal species, including the cunning leopard seal. The majesty of the Antarctic Peninsula's mountains will enchant as you hike snowy pathways to vantage points offering panoramic views of your surroundings. You will discover that Antarctica is a land of extremes. At one moment you'll be overcome with a feeling of complete isolation and silence, and the next you'll be inspired by nature as a calving glacier crashes into a brilliant blue sea or a penguin waddles by to inspect your footwear. Amid the serene silence of Antarctica, noisy interludes—such as penguins squabbling over prized pebbles—become indelible memories. Each day will be different, carefully crafted by your Expedition Team to inspire and educate you about this wonderful part of the world.

Day 10 & 11: Crossing the Drake Passage

The journey back across the Drake Passage provides a final opportunity to enjoy the invigorating Southern Ocean air. Spend time on the deck watching for seabirds and scouting for whales, enjoy presentations by your Expedition Team, and celebrate the experiences you've shared exploring the remarkable world of Antarctica.

Day 12: Disembark in Ushuaia and Fly to Buenos Aires

You will arrive in Ushuaia in the morning and disembark after breakfast. You will then make your way towards your group charter flight to Buenos Aires.

Please note:

Embracing the unexpected is part of the legacy - and excitement - of expedition travel. There are no guarantees that we can achieve everything we set out to accomplish. A measure of flexibility is something all of us must bring to a voyage. There are nearly 200 recognized sites in the Antarctic Peninsula and South Shetlands and the places mentioned above may be changed to others equally as interesting.

YOUR SHIP: OCEAN EXPLORER

YOUR SHIP:	Ocean Explorer
VESSEL TYPE:	Polar Expedition
LENGTH:	342 ft (104.4 m)
PASSENGER CAPACITY:	138
BUILT/REFURBISHED:	2021

including waste-to-energy technology. Every detail of the Ocean Explorer reflects innovation, comfort, and environmental consciousness--setting a new standard for luxury expedition cruising.

n cruising.

The Ocean Explorer is a modern, purpose-built expedition vessel combining contemporary elegance with advanced polar exploration technology. Accommodating up to 138 guests, this state-of-the-art ship features the innovative ULSTEIN X-BOW® design, which ensures smooth, stable sailing even in rough seas. A highlight of the vessel is its stunning two-story, glass-walled library located at the bow--perfect for quiet reflection with panoramic views of the polar landscapes. Almost all spacious cabins include private verandas, while the ship's sleek Scandinavian-inspired interiors create a sense of understated luxury. Guests can unwind in the fitness centre, sauna with large windows overlooking the ice, or one of two outdoor Jacuzzis while taking in the surrounding scenery.

Designed with both exploration and comfort in mind, Ocean Explorer offers generous outdoor viewing spaces and elevated observation decks for exceptional photography and wildlife watching. A fleet of 15 Zodiacs ensures quick, safe embarkation for off-ship adventures. Social spaces such as the elegant Main Dining Room, Latitude Bar, and Observation Lounge provide a refined yet relaxed atmosphere, complemented by fuel-efficient Rolls-Royce engines and cutting-edge sustainability systems,

Optional extras & upgrades

Paddling Excursion

Explore the ocean from a more intimate vantage point on a sit-on-top kayak. No experience is required to manoeuvre these very stable kayaks, allowing you to enjoy an unforgettable experience on the water, taking in breathtaking landscapes and wildlife. Whether it's your first time in a kayak or you want greater flexibility to try other Adventure options, this shorter excursion is for you.

Sea Kayaking in Antarctica

Kayaking in Antarctica is probably one of the most intimate and inspiring ways you can explore this incredible region. Glide through the quiet waters and take in the beauty of Antarctica. Paddle through astounding icebergs, watch penguins, seals and possibly whales swim around your kayak. Kayaking in the Polar Regions is highly weather-dependent, however we guarantee at least one outing during your voyage. Your kayak guides will always attempt to take you out as many times as possible throughout your voyage.

Camping in Antarctica

Not very many people have the opportunity to say they've camped on the 7th Continent. This is one of the best ways to experience Antarctica in a more intimate manner, and take your expedition to the next level.

Exclusive Heli-Landing

Imagine setting foot in an area of the world that can only be safely accessed by helicopter. With a small group of fellow passengers and expert guides, you'll board one of Ultramarine's two twin-engine helicopters to soar off to an exclusive polar site where no ships can navigate. Expect stunning bird's-eye views during your flight, and then, upon arrival, simply sit back, relax and take in the splendor from "the best seat in the house": glacial amphitheatres, breath-taking summits, and more. Traveling in groups of 12 with no more than 4 groups (48 guests) at a time on each landing, you'll have time to relax and quietly reflect on the beauty of your polar surroundings, after which you'll be picked up by the helicopters in the same location and returned to Ultramarine.

Stand-up Paddleboarding

Stand-up Paddleboarding, popularly known as SUPing, originated in Hawaii. Quark Expeditions is the first company to bring this watersport all the way to Antarctica. SUPing combines the immersive experience of kayaking but in a standing position. Participants, if they prefer, can kneel, sit or even lie down and stare up at the azure Antarctic sky. Because of their wide base and tail fins, SUP boards are quite stable, enabling participants – after a bit of practice – to stop staring at their feet and admire the surrounding scenery. Imagine seeing Gentoo penguins gliding below you, or making eye contact with a Weddell seal lying on a piece of ice as you paddle by.
