

ANTARCTICA EXPLORER EXPEDITION - DISCOVERING THE 7TH CONTINENT

Antarctica has been inspiring explorers for centuries. And this expedition offers you the chance to discover why, with an unforgettable journey through the spectacular wilderness of the South Shetland Islands and Antarctic Peninsula. You'll encounter a world where nature creates the rules, her unpredictable temperament making each trip unique, exciting and personal. Imagine cruising in a Zodiac through crackling sea ice like shattered glass, witnessing penguins building their nests, or navigating through a maze of icebergs, each one uniquely shaped by its journey through the sea. You'll enjoy iconic Antarctic highlights, exhilarating adventures and be rewarded with memories to last a lifetime.

Day 1 — Arrive in Ushuaia, Argentina

You will begin your journey in Ushuaia, a small but bustling port town at the tip of South America. This Argentine town is an ideal gateway for you to explore the southern extent of Patagonia while preparing for your adventure ahead. Get active in the mountains or enjoy handcrafted chocolate at a cafe in town.

Day 2 — Embarkation Day

Embarkation will occur in the late afternoon, after which your vessel will sail down the historic Beagle Channel, which transects the Tierra del Fuego archipelago in the extreme south of South America. Expect an air of anticipation as you depart—the next time you see land, you'll be in the world's most southern continent!

Days 3 and 4 — Crossing the Drake Passage

Your days at sea are filled with presentations led by your Expedition Team who will prepare you for the wildlife, glaciology and history that will greet you upon your arrival. In between presentations, spend time on deck looking for wildlife or chatting with your shipmates over a drink at the bar.

Days 5 to 8 — South Shetland Islands and Antarctic Peninsula

The most common reaction upon reaching the White Continent is a sense of reverence and awe. The experience is beyond words, since few places are as untouched and enduring as Antarctica. You will begin to appreciate why this region has long captivated the attention of explorers and travelers alike. Every time we visit Antarctica, we witness something new or unexpected, which means that your expedition will be unlike any other--creating a unique, personal experience. Each day, you will take Zodiac excursions from the ship to explore local bays, channels and landing sites. Your Expedition Team will take care of you at each landing, whether you are hiking the Antarctic landscape, visiting a research station or consorting with chinstrap, Adelie and gentoo penguins, all of which can be found here. Keep an eye out for Weddell, fur, crabeater and leopard seals as well as curious whales, such as humpbacks, fins, or perhaps orcas while on a Zodiac cruise. Each excursion will present a new collection of creatures to delight you and keep your camera busy. Amid the serene silence of Antarctica, noisy interludes become indelible memories, such as penguins squabbling over prized pebbles, or the boom and crack of a calving glacier. Every day will be different, having been carefully crafted by your Expedition Team to inspire and educate you about this wonderful part of the world.

Days 9 and 10 — Crossing the Drake Passage

The journey back across the Drake Passage provides final opportunities to enjoy the crisp Antarctic air. Spend time on the deck, watching for seabirds and scouting for whales, enjoy presentations by your Expedition Team and celebrate the experiences shared exploring Antarctica.

Day 11 — Disembarkation in Ushuaia

You will arrive in Ushuaia in the morning, which allows for you to continue your adventure onward or catch your flights home.

Please note:

Embracing the unexpected is part of the legacy - and excitement - of expedition travel. There are no guarantees that we can achieve everything we set out to accomplish. A measure of flexibility is something all of us must bring to a voyage. There are nearly 200 recognized sites in the Antarctic Peninsula and South Shetlands and the places mentioned above may be changed to others equally as interesting.
