ANTARCTICA EXPLORER EXPEDITION - DISCOVERING THE 7TH CONTINENT

Our classic 11- or 12-day Antarctic Explorer: Discovering the 7th Continent itinerary delivers the very best of the Antarctic Peninsula in one unforgettable journey: cross the legendary 800-kilometer (500-mile) Drake Passage; explore majestic polar landscapes by Zodiac, kayak, or on foot; photograph penguins, whales, and seals framed by towering ice; and deepen your experience with expert presentations on history, biology, and glaciology.

Some departures may have slightly modified itineraries. Certain departures leave from Ushuaia and do not include charter flights. Please confirm the itinerary with an Expedition Specialist.

ITINERARY

Day 1 - Arrive in Ushuaia, Argentina

You will begin your journey in Ushuaia, a small but bustling port town at the tip of South America. This Argentine town is an ideal gateway for you to explore the southern extent of Patagonia while preparing for your adventure ahead. Enjoy the mountains or sample handcrafted chocolate at a café in town.

Day 2 - Embark

Embarkation will occur in the late afternoon, after which your vessel will sail down the historic Beagle Channel, which transects the Tierra del Fuego archipelago in the extreme south of South America. Expect an air of anticipation as you depart—the next time you see land, you'll be on the world's most southern continent!

Days 3 and 4 - Crossing the Drake Passage

Your days at sea are filled with presentations led by your Expedition Team on photography, wildlife, glaciology, and history. In between presentations, spend time on deck looking for wildlife, or chatting with your shipmates over a drink at the bar.

Days 5 to 8 - South Shetland Islands and Antarctic Peninsula

The most common reaction upon reaching the 7th Continent is a sense of reverence and awe. The experience is beyond words, since few places are as untouched and enduring as Antarctica. You will begin to appreciate why this region has long captivated the attention of explorers and travelers alike. Every time we visit Antarctica, we witness something new or unexpected, which means that your expedition will be unlike any other—creating a unique, personal experience. Each day, you will take Zodiac excursions from the ship to explore glaciated bays, channels and landing sites. Your Expedition Team will take care of you at each landing, whether you are hiking the Antarctic landscape, visiting a research station or consorting with chinstrap, Adélie and gentoo penguins, all of which can be found here. Keep an eye out for Weddell, fur, crabeater and leopard seals as well as curious whales, such as humpbacks, minke, or perhaps orcas while on a Zodiac cruise. Each excursion will present a new array of creatures to fascinate you and keep your camera busy. Amid the serene silence of Antarctica, noisy interludes become indelible memories, such as penguins squabbling over prized pebbles, or the boom and crack of a calving glacier. Every day will be different, having been carefully crafted by your Expedition Team to inspire and educate you about this wonderful part of the world.

Days 9 and 10 - Crossing the Drake Passage

The journey back across the Drake Passage provides final opportunities to enjoy the crisp Antarctic air. Spend time on the deck, watching for seabirds and scouting for whales, enjoy presentations by your Expedition Team and celebrate the experiences shared exploring Antarctica.

Day 11 - Disembark in Ushuaia

You will arrive in Ushuaia in the morning, which allows for you to continue your adventure onward or catch your flights home.

Please note:

Embracing the unexpected is part of the legacy - and excitement - of expedition travel. There are no guarantees that we can achieve everything we set out to accomplish. A measure of flexibility is something all of us must bring to a voyage. There are nearly 200 recognized sites in the Antarctic Peninsula and South Shetlands and the places mentioned above may be changed to others equally as interesting.

Paddling Excursion

Explore the ocean from a more intimate vantage point on a sit-on-top kayak. No experience is required to manoeuvre these very stable kayaks, allowing you to enjoy an unforgettable experience on the water, taking in breathtaking landscapes and wildlife. Whether it's your first time in a kayak or you want greater flexibility to try other Adventure options, this shorter excursion is for you.

Sea Kayaking in Antarctica

Kayaking in Antarctica is probably one of the most intimate and inspiring ways you can explore this incredible region. Glide through the quiet waters and take in the beauty of Antarctica. Paddle through astounding icebergs, watch penguins, seals and possibly whales swim around your kayak. Kayaking in the Polar Regions is highly weather-dependent, however we guarantee at least one outing during your voyage. Your kayak guides will always attempt to take you out as many times as possible throughout your voyage.

Camping in Antarctica

Not very many people have the opportunity to say they've camped on the 7th Continent. This is one of the best ways to experience Antarctica in a more intimate manner, and take your expedition to the next level.

Exclusive Heli-Landing

Imagine setting foot in an area of the world that can only be safely accessed by helicopter. With a small group of fellow passengers and expert guides, you'll board one of Ultramarine's two twin-engine helicopters to soar off to an exclusive polar site where no ships can navigate. Expect stunning bird's-eye views during your flight, and then, upon arrival, simply sit back, relax and take in the splendor from "the best seat in the house": glacial amphitheatres, breath-taking summits, and more. Traveling in groups of 12 with no more than 4 groups (48 guests) at a time on each landing, you'll have time to relax and quietly reflect on the beauty of your polar surroundings, after which you'll be picked up by the helicopters in the same location and returned to Ultramarine.

Stand-up Paddleboarding

Stand-up Paddleboarding, popularly known as SUPing, originated in Hawaii. Quark Expeditions is the first company to bring this watersport all the way to Antarctica. SUPing combines the immersive experience of kayaking but in a standing position. Participants, if they prefer, can kneel, sit or even lie down and stare up at the azure Antarctic sky. Because of their wide base and tail fins, SUP boards are quite stable, enabling participants - after a bit of practice - to stop staring at their feet and admire the surrounding scenery. Imagine seeing Gentoo penguins gliding below you, or making eye contact with a Weddell seal lying on a piece of ice as you paddle by.
