ANTARCTIC EXPRESS - CRUISE SOUTH, FLY NORTH EXPEDITION

Revel in the excitement of crossing the famed Drake Passage after embarking from Ushuaia, with the convenience of a northbound return flight at the end of your expedition. Minke and humpback whales or Adelie penguins floating on ice floes may greet you as you pass, enroute to the northernmost tip of the Antarctic Peninsula.

The surreal silence in this vast wilderness may at first overwhelm, but playful, charismatic wildlife and your intrepid traveling companions keep you grounded. You'll develop a new appreciation and understanding of Antarctica's extreme contrasts - harsh, rugged mountain peaks and fragile ecosystems; stark, lonely icescapes and populous, gregarious penguins.

ITINERARY

Day 1 Ushuaia, Argentina *

This quaint city at the southernmost tip of South America is your gateway to Antarctica. The city itself provides a wide range of jewelry shops, cafes, gear shops and restaurants to explore before your voyage. Outside the city,

snow-capped mountains and hiking in Tierra del Fuego National Park offer ample adventure activities if you enjoy exploring nature.

Day 2 Embarkation Day *

You will embark in the afternoon, with a journey through the picturesque Beagle Channel. Be sure to keep your eyes peeled and be out on deck, as the channel is home to a wide variety of wildlife including seabirds and seals. Rainbows are common here too, creating a great photographic opportunity to kick off the start to your Antarctic adventure.

Days 3 and 4 Crossing the Drake Passage *

Legendary for its high winds and rolling seas, you may get lucky and have surprisingly calm seas. Spend your time in the lounge or chatting with your fellow travelers. As you develop your sea legs during the crossing, our Expedition Team will begin their series of presentations to help prepare you for your upcoming Zodiac and land excursions. You officially enter Antarctica when your ship crosses the Antarctic Convergence, a biological boundary that fluctuates around 60° south.

Days 5 to 8 Antarctic Peninsula and South Shetland Islands *

Icebergs are the first attractions that welcome you to Antarctica. Massive floating bergs become more common as you get closer to land and you catch your first glimpse of the Peninsula, with its grand snow-covered mountains. In addition to spotting icebergs, you'll likely spot Adelie penguins chilling out on ice floes and minke or humpback whales feeding and swimming in the frigid waters.

As soon as possible, the Zodiacs will be readied for your first landing in the South Shetland Islands and Antarctic Peninsula. Experiencing this immense wilderness up close for the first time can be a numbing experience. The silence is great, the vastness is even greater. Thankfully the noisy locals - penguins

and seals - are there to remind you that this wonderful landscape isn't just a dream.

Your Expedition Team will monitor the ice and weather conditions to determine which landing sites can be visited. With many sites to choose from, each expedition presents new opportunities for exploring the white continent by Zodiac and land. Swimming in Antarctica is perhaps the most adventurous option to tempt you, by taking a Polar Plunge in the water at Neko Harbour!

A typical day in this wildlife wonderland will be spent listening to calving glaciers at Petermann Island, watching penguins waddle around a beach, or taking a hike atop a hill for a panoramic view of Port Lockroy. Whatever you prefer, the photographic opportunities are endless

Day 9 Disembarkation and Fly to Punta Arenas *

As the ship turns north, you'll say goodbye to the penguins, as well as many of your shipmates. With only the Drake Passage ahead, you'll disembark and enjoy a bit of time on King George Island before flying off to Punta Arenas, Chile. Once you're in Punta Arenas, we'll transfer you from the airport to your hotel, where you're free to explore and enjoy a final dinner out.

Day 10 Depart for Home *

Depart for home.
