ANTARCTIC PENINSULA: AN EXPLORER'S EXPEDITION

Experience All of Antarctica 's Greatest Highlights

Antarctica offers an overabundance of riches, from breathtaking Orca and Humpback whales to smile-inducing penguins of multiple species; from huge, well-sculpted icebergs to mesmerizing glaciers glowing blue from within. On this voyage, we'll introduce you to all that and more, as Antarctica always throws in a few surprises for us. If you're looking for a perfect introduction to this life-changing continent in a time-efficient voyage, traveling with a team that's committed to immersing you in all its glorious details, this itinerary just might have your name on it.

ITINERARY

Day 1: Arrive and explore in Ushuaia

After a friendly welcome at the airport and a transfer to the luxurious Arakur Ushuaia Resort & Spa, take some time to unwind or explore the southernmost city in the world, Ushuaia. (In the unlikely event that you can't be accommodated at the Arakur, you'll unwind at another of Ushuaia's top luxury hotels.)

Our optional evening briefing is your opportunity to ask questions and meet some of your fellow explorers.

Day 2: All Aboard!

Spend your morning relaxing at the hotel, visiting a museum, or exploring the shops in Ushuaia, before our mid-afternoon escort to the ship. Our Expedition Team and ship staff will welcome you on board and get you settled in, followed by a safety and orientation briefing and our Captain's welcome dinner. We're on our way to Antarctica!

Days 3-4: Drake Passage

Join our Polar Experts as they share their vast knowledge of Antarctica, from its enchanting wildlife to its bold history. Participate in our pioneering Citizen Science program or sit back and take in this fabled journey while catching glimpses of rarely seen wildlife. Keep your binoculars handy to identify the many seabirds that escort our ship as we cross the Antarctic Convergence into Antarctica's waters and noticeably cooler temperatures.

Day 5: South Shetland Islands

Over time, the volcanic activity of the South Shetland Islands has created a geology unlike any other. Here, you can expect a spectacular display of mountains, glaciers, and wildlife, including Chinstrap and Gentoo penguins, and it's not uncommon to share the water's edge with Elephant and Fur seals. Whales are often spotted as well. So, we'll settle into our Zodiacs and spend most of our day exploring. And kayakers, it's time to get your first taste of gliding just inches off the pristine Antarctic water. Whether on land or sea, in Zodiac or kayak, be prepared for a fully immersive introduction to this incomparable part of the world.

Days 6-8: Glorious Antarctica

Here's our chance to explore any number of picturesque bays and landing sites, while maneuvering through iceberg-rich channels and into wildlife-rich waters. We'll likely be joined by numerous species of enchanting penguins, seals, and whales, both in the sea and along the rugged coastlines. And there will be great opportunities to stop at several active scientific bases and historic landing sites during our typical two-a-day outings. A night of camping under the stars is also an unforgettable highlight for those who sign up. Our focus is

always on the longest and most adventurous off-ship experience, so be prepared to take in all that Antarctica has to offer.

Days 9-10: Drake Passage

We leave this magical place and make our way north, once again crossing the legendary Drake Passage. We have one last hurrah as we celebrate the conclusion of our expedition with a special slideshow and a final meal together.

Day 11: Ushuaia Disembarkation

With huge smiles on weary, content faces, we disembark in the morning, letting you catch a flight to Buenos Aires or stay in Ushuaia for more sights and adventure.

YOUR SHIP: OCEAN ALBATROS

| | |
|----------------------------|--------------------------|
| YOUR SHIP: | Ocean Albatros |
| VESSEL TYPE: | Luxury Expedition |
| LENGTH: | 104.4 m |
| PASSENGER CAPACITY: | 169 (95 cabins) |
| BUILT/REFURBISHED: | 2022 |

Ocean Albatros is built for serious Polar travel, pairing long-honed expedition capability with a modern, stabilised design. Its X-BOW structure delivers a markedly smoother ride and enables confident movement through deeper ice, giving passengers access to remote regions that traditional vessels cannot approach. Spacious staterooms with wide views, extensive observation areas, near-water hydraulic platforms and a fast, heated mudroom support uninterrupted exploration. The atmosphere on board remains streamlined and functional, with amenities such as Jacuzzis, sauna, spa, gym, library and a generous lounge layout arranged to maximise comfort without distracting from the environment outside.

Efficiency and sustainability are embedded into the ship's operations. Dual diesel-electric engines reduce emissions significantly while maintaining reliable range and power, enabling the vessel to operate with a carbon footprint roughly half that of older expedition ships. Most cabins include private balconies, communal areas are deliberately generous, and dining spans both a full restaurant and 24/7 bistro. Expedition logistics--zodiacs, science activities, photographic support and medical readiness--are built into the core offering, ensuring a

consistent, competent experience from the Arctic to Antarctica.

Antarctica.
