Start your Antarctic adventure with a crossing of the Drake Passage, a vast stretch of open ocean that marks the Antarctic Convergence, where nutrient-rich waters sustain a vibrant ecosystem.

While at sea, attend expert-led talks on Antarctica's history, wildlife, and geology. Head to the open decks or the bridge to spot albatrosses, petrels, and even whales. Adventure activities, including navigation workshops and safety briefings for kayaking and snowshoeing, will also be held.

By the end of Day 3, the first sighting of icebergs and snow-capped peaks will signal your arrival at the South Shetland Islands.

Days 4-7: Exploring the Antarctic Peninsula

The core of the journey unfolds as you explore the Antarctic Peninsula and South Shetland Islands, with each day offering a blend of landings, zodiac cruises, and optional adventure activities.

Highlights Include:

****Kayaking Among Icebergs**** : Paddle through tranquil waters, drifting past seals resting on ice floes and penguins diving in for a swim. ****Snowshoeing Adventures**** : Strap on snowshoes to explore pristine trails and reach panoramic viewpoints, offering breathtaking vistas of glaciers and peaks. ****Penguin Colonies**** : Visit expansive rookeries of Gentoo, Chinstrap, and Adelie Penguins, watching their amusing behaviours as they care for their chicks or brave the frigid waters. ****Wildlife Encounters**** : Spot Weddell, crabeater, and leopard seals lounging on ice or hunting in the water, with Minke and humpback whales often seen feeding nearby.

With over 500 diverse landing sites along the Antarctic Peninsula, no two voyages are ever the same. Our expert team crafts each expedition based on conditions, weather, and opportunities for the most remarkable encounters. As passenger vessel traffic has increased in recent years, competition for landing sites has intensified--but our deep knowledge of this pristine region ensures you'll embark on true exploratory journeys, venturing beyond the crowds.

Guided by our experienced crew, you'll navigate breathtaking ice-choked channels, witness towering glaciers, and encounter extraordinary wildlife in one of the most remote places on Earth. This is not just a cruise--it's a genuine expedition where spontaneity and discovery define every day.

Join us for an adventure where the unknown awaits, and every landing is a moment of exploration.

Day 8: Antarctic Sound and Farewell Landings

As the expedition heads back north, there's an opportunity for a final landing or zodiac cruise. Weather and ice conditions permitting, explore destinations like Brown Bluff, where towering cliffs and an Adelie penguin colony await, or Paulet Island, home to historic sites and abundant wildlife.

Day 9: Crossing the Drake Passage (Northbound)

Relive your adventures as you cross the Drake Passage, keeping an eye out for seabirds and whales along the way. Take part in final lectures or workshops, and enjoy a celebratory dinner with your fellow travellers as you reflect on the unforgettable journey.

Day 10: Return to Ushuaia

Arrive back in Ushuaia in the early morning. After breakfast, disembark with cherished memories of an epic Antarctic expedition and new stories to tell.
