Argentine steak. Or maybe you'd like to practise your dance moves in the famous hometown of the tango.

Day 3 Early start in Ushuaia

Setting off at the bottom of the world

Your adventure begins with an early morning flight to Ushuaia, where you'll meet our hybrid-powered expedition ship, specially designed for sustainable cruising in polar waters.

This bustling port is the capital of Argentina's Tierra del Fuego Province. Set against the magnificent backdrop of the Martial Glacier, Ushuaia vies for the title of the world's southernmost city.

After a briefing from your Expedition Team, you'll have time to locate your cabin and explore the comforts and amenities on board.

Day 4-5 Get set for Antarctica

Cross the Drake Passage

On the two-day crossing through the Drake Passage, the Expedition Team will equip you with all you need to make the most of your polar expedition.

Visit the onboard Science Center and find out what lies ahead. Listen to experts talk passionately about Antarctica's history, the science beneath the ice, and the impact of climate change and plastic pollution. You'll learn how to make your visit as safe and as low-impact as possible, and about the Citizen Science projects you can join.

There's plenty of time to relax, so unwind in the spa and wellness area, enjoy some delicious cuisine and meet fellow travellers in the Explorer Lounge & Bar.

Day 6-10 Antarctica: another world

Experience Antarctica in all its natural majesty

Nothing prepares you for your first sight of Antarctica's immense, frozen beauty. Surrounded by looming glaciers, and icebergs the size of floating cathedrals, Antarctica will fill you with wonder. Perhaps the most surprising part of Antarctica is the silence. It's a stillness that's broken every so often by the locals - the wildlife.

Whales begin to arrive in greater numbers by December and January. This is also when the first penguin chicks hatch and seeing the clumsy clumps of feathers run around is always a charming sight. February and March offer peak whale-watching opportunities, when large amounts of krill lure them to the area.

Here, nature is king, and we are mere observers. Our experienced Captain will continually monitor conditions to create the best possible itinerary for your adventure. Rest assured, each day will offer something different and thrilling.

You'll join the Expedition Team on landings and ice-cruises, and may even get a chance to go kayaking among the icebergs.

Back on board, the Expedition Team will continue their lectures, helping you grow in your insights of the frozen continent. Over five magical days, you'll experience this amazing world in a way that will stay with you for a lifetime.

Day 11-12 Returning to warmer waters

Heading back north across the Drake Passage

After five incredible days, you'll have experienced so much in Antarctica. Your head will likely be filled with a swirling kaleidoscope of special memories and impressions. The next couple of days will be a chance to reflect on your adventure to the seventh continent.

As your mind tries to conjure up the magical Antarctic scenery, now could be a good time to sift through your photos and videos to recapture a sense of its magnitude. Why not take the chance to unwind in the sauna, or enjoy a few relaxing spa treatments in the wellness area.
