SOUTH GEORGIA, FALKLANDS & ANTARCTIC ODYSSEY - FLY AND SAIL EXPEDITION

This voyage encompasses the best of the Antarctic Peninsula and South Georgia. Discover historic Stanley in the Falklands~Malvinas and stand in awe before the world's largest king penguin colonies in South Georgia. In Antarctica, experience the serenity and grandeur of the most remote place on the planet, where penguin chicks are quickly fattening, whales make a marathon migration to feed on plentiful krill and ice seals are hauled out on ice floes.

ITINERARY

Day 1 Arrive Ushuaia

Arrive in Ushuaia, where you will be met by a representative of Aurora

Wild Earth Travel

Small Ships, Big Adventures

0800 945 3327 (within New Zealand) | +64 (0) 3 365 1355 | **1800 107 715** (within Australia)

info@wildearth-travel.com | **wildearth-travel.com**

Wild Earth Travel

Small Ships, Big Adventures

wildearth-travel.com

info@wildearth-travel.com

Expeditions and transferred with your fellow expeditioners to your assigned pre-voyage hotel. If you are already in Ushuaia, we ask you to make your way to your hotel. Check-in is from 3.00 pm. This afternoon, visit the Aurora Expeditions hospitality desk in the lobby at Las Hayas Ushuaia Resort, Luis Fernando Martial 1650, between 8.00 am and 12.00 pm, or 3.00 pm and 7.00 pm, to collect your luggage tags, and confirm if you wish to join our Beagle Channel and Isla de Los Lobos Cruise (sea lion island) tomorrow. Our team will confirm details regarding your embarkation day, answer any questions and provide you with information on where to dine or purchase last minute items.

Expeditioners arriving after 7.00 pm will find a welcome pack waiting for them at check-in. We ask you to visit our hospitality desk tomorrow between 8.00 am - 10.00 am.

The remainder of your time is at leisure. All meals today are at your own expense.

Assigned accommodation: Las Hayas Ushuaia Resort or Los Acebos Ushuaia Hotel

Day 2 Embarkation

This morning, enjoy breakfast and check-out. Please ensure your cabin luggage is fitted with cabin tags clearly labelled with your name and cabin number. Take your cabin luggage to hotel reception, prior to, or at check-out. Your luggage will be stored and transferred directly to the port for clearance, to be placed in your cabin ahead of your arrival on board. Please keep any valuables or personal items with you throughout the day.

Your morning is at leisure to explore Ushuaia.

Those wishing to join our afternoon catamaran cruise, meet back at the hotel lobby at 12.45 pm ready to transfer to the port at 1.00 pm. Here we board our catamaran and sail the Beagle Channel, towards the city's iconic Les Eclaireurs Lighthouse. Crossing the Bridges Archipelago we'll slow down to watch colonies of sea lions and imperial cormorants sun themselves on the rocky outcrops, while gulls, rock cormorants, skuas, petrels, albatrosses and cauquenes are often sighted. Our cruise offers panoramic views of the city and the surrounding mountain range, in addition to hearing tales of the people and communities of the region.

Alternatively, enjoy your day at leisure and meet at your hotel lobby at 3.45 pm to be transferred to the pier for embarkation.

Once onboard, you'll have time to settle into your cabin before our important mandatory briefings. As the ship pulls away from port, we'll gather on the deck to commence our adventure with spectacular views over Ushuaia and Tierra del Fuego.

This evening get to know your fellow expeditioners and friendly expedition team and crew at a welcome dinner to celebrate the start of a thrilling adventure to Antarctica.

Day 3 At Sea

As we commence our trip across the South Atlantic Ocean towards the Falklands~Malvinas, we make the most of our time getting comfortable with the motions of the sea. Our expedition team prepare you for our first landing with important wildlife guidelines, biosecurity procedures, and start our lecture program to help you learn more about the region's history, wildlife and environment.

Our wildlife experiences begin as we enjoy watching and photographing the many seabirds, including majestic albatrosses and giant petrels following the vessel. They rise and fall skilfully, using air currents created by the ship to gain momentum.

Day 4 Falklands~Malvinas

The Falklands~Malvinas comprises two large islands (East and West Falkland), with over 700 islands scattered off the coast. All but seven of these are uninhabited, with windswept coastlines, white sand beaches and crystal-clear water. These beautifully barren islands are true wildlife havens, sheltering an impressive diversity of birdlife, including the largest black-browed albatross colony on earth. The cold, nutrient-rich waters surrounding the islands make this a prime location for spotting marine life.

Wild Earth Travel

Small Ships, Big Adventures

wildearth-travel.com

info@wildearth-travel.com

There are many beautiful areas to explore across the Falklands~Malvinas, each offering a unique perspective on this magnificent archipelago. Your experienced expedition team, who have made countless journeys to this area, will use their expertise to design your voyage from day to day, choosing the best options based on the prevailing winds, weather and wildlife opportunities.

We generally make landings or Zodiac excursions twice a day. Even though we are north of the Antarctic Convergence it can be quite chilly here, so you will want to layer up before joining Zodiac cruises into rocky coves or along sea cliffs, keeping watch for seals, sea lions, dolphins and penguins. Zodiacs will also shuttle you from the ship to land, where you may visit albatross colonies, penguin rookeries and perhaps even have a traditional English 'tea and scones' at a local cottage.

Conditions permitting, we plan to land in historic Stanley, the capital of the Falklands~Malvinas. This charming town has a distinctly British character, with terraced town houses, pioneer cottages and even an iconic red telephone box! Colourful buildings house cosy cafes, English pubs, souvenir shops, a post office and the fascinating Historic Dockyard Museum, with displays on the maritime history of the Falkland Islands, natural history and links to Antarctica.

If you have chosen an optional activity, you will have the option to do that whenever conditions allow, and of course keen polar plungers will have the chance to fully immerse themselves in polar waters - conditions permitting!

Days 5-6 At Sea

Between the Falklands~Malvinas and South Georgia, you will be enthralled by the ceaseless flight of the many seabirds that follow and circle the ship. Our onboard lecture program will continue with presentations from our team of experts. You can also enjoy the many facilities on the ship, borrow a book from our well-stocked library or perhaps stay active in the fitness centre.

Day 7 At Sea / South Georgia

Sea and weather conditions will determine our arrival time into South Georgia today.

As you near the rugged island of South Georgia, spare a thought for Captain James Cook, who arrived here in 1775 and believed it to be the northern tip of a great southern continent! In fact, it is a small island only 176 km (110 mi) long, but with a 3,000 m (9,842 ft) snow-capped mountain range, some of the world's largest congregations of wildlife and a truly fascinating human history, South Georgia is an island of incredible riches.

On approach, jagged mountain peaks rise steeply, while seabirds are often spotted soaring around the ship. We will sail down the coast, taking in the spectacular glaciated scenery. This enchanting coastline is yours to explore!

If time and weather conditions permit, en route we could pass close to Shag Rocks, a fascinating group of jagged rocky islets protruding from the sea, in the proximity of South Georgia.

Days 8-11 South Georgia

Your experienced expedition team will use their local knowledge to plan your voyage from day to day, choosing the best options based on the prevailing weather, sea state and wildlife opportunities.

Remember to layer up before joining Zodiac excursions that may zip into craggy coves and along the rocky coastline in search of nesting penguins, seal haul-outs and bird cliffs. Remember to keep an eye out for South Georgia's kelp forests as well - these remarkable underwater ecosystems are quite mesmerising as their fronds sway back and forth on the water's surface.

Our Zodiacs will also transport ashore, where you can visit some of the largest king penguin colonies on Earth, take a guided walk among fur seals and elephant seals (making sure you listen to your guides and keep your distance!) and wander along pebbled streams and grassy glacial outwash plains. We also hope to visit the remnants of South Georgia's thriving whaling stations and pay our respects to Sir Ernest Shackleton, whose incredible voyage of survival is synonymous with this island. If you have chosen an optional activity, you will have the option to do that whenever conditions allow.

In addition to Zodiac excursions and shore excursions, we may ship cruise through fjords with towering cliffs of ancient stone, or into deeply indented bays towards dramatic glacier fronts. This is a great time to find a comfy spot

in the observation lounge or make your way to the bridge (open at the Captain's discretion) to enjoy uninterrupted views of South Georgia's majestic coast.

Day 12 South Georgia / At Sea

Sea and weather conditions will determine our departure time from South Georgia today.

Days 13-14 At Sea

Attend informative lectures to learn about Antarctica as we sail across the Scotia Sea towards the white continent. You can enjoy the facilities on board the vessel including the gym, sauna and jacuzzis or relax in one of the observation lounges; the choice is yours on how you want to enjoy days at sea.

Days 15-18 Antarctic Peninsula

En route to the Peninsula, if time and weather permits, we may attempt to follow the coastline of Elephant Island, a half-submerged mountain cloaked with an ice sheet at the outer limits of the South Shetland Islands.

It's almost impossible to describe the feeling of arriving in Antarctica. Spotting your first iceberg and taking a deep breath of some of the most fresh, crisp air on earth is an experience that will stay with you forever.

Once we arrive, the western side of the Antarctic Peninsula and the South Shetland Islands are ours to explore, and we have a host of choices available to us. Because we are so far south, we will experience nearly 24 hours of daylight and the days can be as busy as you wish.

Rug up before joining Zodiac cruises along spectacular ice cliffs or among grounded icebergs, keeping watch for whales, seals and porpoising penguins. Our trusty Zodiacs will also shuttle us ashore, where we may visit penguin

rookeries, discover historic huts and explore some of our favourite spots along the peninsula.

While ashore we aim to stretch our legs, wandering along pebbly beaches or perhaps up snow-covered ridgelines to vantage points with mountains towering overhead and ice-speckled oceans below.

In addition to Zodiac cruises and shore excursions, we may ship cruise some of the narrow, dramatic straits separating offshore islands from the mainland, or linger in scenic bays to watch whales travelling or feeding. Keep an ear out for the creak and deep rumble of glaciers as they carve into the sea. Take a quiet moment to experience the wonder of this incredible white continent.

Day 19 Fly King George Island to Punta Arenas

As we approach Frei Base on King George Island, it is time to farewell Antarctica and our amazing adventure before boarding our flight (approximately one hour forty-five minutes) to Punta Arenas, Chile. There is time for reflection and discussion about what we have seen and experienced. We hope you become ambassadors for Antarctica telling your family, friends and colleagues about your journey to this magical place, advocating for its conservation and preservation so that they might one day visit the region to experience what you have been lucky to see and do here.

On arrival at the Punta Arenas airport, you will be transferred to our group hotel.

Note: King George Island is located at the northern tip of the Antarctic Peninsula in the South Shetland Islands and is one of the most remote places on Earth. A clear sky with perfect visibility is required for safe take-off and landing. We apologise in advance for any possible delays.

Accommodation: Hotel Cabo de Hornos or Hotel Dreams

Day 20 Depart Punta Arenas

After breakfast, bid a fond farewell to your fellow travellers as we continue our onward journeys, hopefully with a newfound sense of the immense power of

Wild Earth Travel

Small Ships, Big Adventures

wildearth-travel.com

nature (breakfast included). A transfer to the airport is included in the voyage fare.

Note: Should your flight not proceed due to local conditions; you will remain on the ship until it is deemed achievable to return to Punta Arenas. Refer to our terms and conditions for further details.

Please Note:

Itineraries are subject to change.

YOUR SHIP: SYLVIA EARLE

YOUR SHIP:	Sylvia Earle
VESSEL TYPE:	Luxury Expedition
LENGTH:	104 meters
PASSENGER CAPACITY:	126
BUILT/REFURBISHED:	2020/2021

Launching in October 2021, the Sylvia Earle honours renowned oceanographer and marine conservationist Dr. Sylvia Earle. As the first female chief scientist of NOAA and a Time Magazine Hero for the Planet, Sylvia's legacy lives on through this state-of-the-art expedition vessel designed for sustainability and exploration.

Built for challenging waters like the Drake Passage, the Sylvia Earle features the cutting-edge Ulstein X-BOW® for smoother sailing, reduced fuel consumption, and better speed through rough seas. Inside the bow, the stunning Glass Atrium Lounge offers panoramic views.

Between landings, enjoy the heated saltwater open-air pool, jacuzzis, gym, sauna, and optional massages in the Wellness Centre. The ship is fitted with advanced safety features, including dual propulsion systems and a fully equipped medical clinic for remote travel.

A champion of responsible travel, the ship runs one of the world's cleanest marine engines, reducing emissions by up to 80%. Virtual anchoring protects delicate seabeds by avoiding traditional anchors.

Expedition-ready, the Sylvia Earle includes four sea-level Zodiac

platforms for fast and safe transfers to shore. Adventure gear is prepped in spacious, expert-designed activity areas with lockers and drying zones for wetsuits and dry suits--perfect for kayaking, diving, and other optional activities.

activities.
