BEST OF ANTARCTICA'S WHALE SEASON - USHUAIA TO USHUAIA EXPEDITION

Every voyage into Antarctica is a wildlife lover's dream journey. And this trip will certainly be no different. Expect to encounter a variety of iconic penguins, any number of different seal species, and Antarctica's always-majestic icebergs. But this voyage will feature one notable exception to the rule: This time of year, whale spotting is at its entertaining best, with large numbers of giant Humpbacks feeding on the abundance of krill in the water. Orcas and Minkes are also common sightings on this very special voyage into the last truly wild place on Earth.

ITINERARY

Day 1: Arrive in & Explore Ushuaia

After a friendly welcome at the airport and a transfer to the luxurious Arakur Resort & Spa, take some time to unwind or explore the southernmost city in the world, Ushuaia.

Our evening briefing at the Arakur is your opportunity to ask questions and meet some of your fellow explorers.

Day 2: Embarkation

Days 10-11: Drake Passage

We leave this magical place and make our way north, once again crossing the legendary Drake Passage. We have one last hurrah as we celebrate the conclusion of our expedition with a special slideshow and a final meal together.

Day 12: Ushuaia Disembarkation

With huge smiles on weary, content faces, we disembark in the morning, letting you catch a flight to Buenos Aires or stay in Ushuaia for more sights and adventure.

Please note:

Itineraries are subject to change.

Spend your morning relaxing at the hotel, visiting a museum, or exploring the shops in Ushuaia, before our mid-afternoon escort to the ship. Our Expedition Team and ship staff will welcome you on board and get you settled in, followed by a safety and orientation briefing and our Captain's welcome dinner. We're on our way to Antarctica!

Day 3-4: Drake Passage

Join our Polar Experts as they share their vast knowledge of Antarctica, from its enchanting wildlife to its bold history. Participate in our pioneering Citizen Science program, or sit back and take in this fabled journey while catching glimpses of rarely-seen wildlife. Keep your binoculars handy to identify the many seabirds that escort our ship as we cross the Antarctic Convergence into Antarctica's waters and noticeably cooler temperatures, your cue to get ready for that first iceberg sighting, an unforgettable moment on every journey.

Days 5-6: South Shetland Islands

The South Shetlands are 12 islands separated from the Antarctic Peninsula by the Bransfield Strait. Significant volcanic activity has sculpted a geology - and a diverse natural beauty - unlike anywhere else on Earth. Here, you can expect a spectacular display of mountains, glaciers, and wildlife, including Chinstrap and Gentoo penguins, and it's not uncommon to share the water's edge with Elephant and Fur seals. And this time of year is feeding time for Humpback whales, so don't be surprised if you're joined by a number of them on your day's adventure.

Days 7-9: Antarctica (and Whales) Await

On to the Antarctic Peninsula, where we'll explore any number of stunning bays and famed landing sites, maneuvering through majestic channels as we continue to navigate these wildlife-rich waters, passing any number of glorious icebergs, on our way to historic landing sites and perhaps even an active scientific base. Of course, a particular highlight of this voyage is the privilege of spending an extra day in the company of the giant Humpback whale - or many of them! - feeding on the abundance of krill in the water this time of year. Orcas and Minkes are also common sightings, as are a variety of penguins and seals.

YOUR SHIP: SEAVENTURE

YOUR SHIP:	Seaventure
VESSEL TYPE:	1-A Super Ice Class Small Ship
LENGTH:	111,5 m
PASSENGER CAPACITY:	164
BUILT/REFURBISHED:	

Built in: 1990 / Renovated: 2019/2021

MS Seaventure is engineered specifically for Antarctica's demanding conditions, matching robust capability with an intimate small-ship atmosphere. Its 1-A Super ice class and advanced stabilisers allow confident navigation through rough seas and deeper into ice-packed regions that routinely limit larger vessels. All staterooms face outward, many with balconies, and the full wrap-around deck, outdoor dining areas and expansive windows ensure the Antarctic environment is always in view. Public spaces include multiple dining venues, a spacious presentation lounge, gym, sauna and dedicated science facilities, all configured for comfort, safety and constant connection to the landscape.

Design and operations prioritise responsible travel. The ship's modern systems reduce emissions, plastics and waste, while onboard practices--from recycled expedition jackets to efficient resource management--support ongoing environmental goals. Throughout the voyage, guests experience personalised service, casual luxury and direct engagement with the expedition team. The result is a platform built for deeper exploration: stable, capable, environmentally considered and deliberately sized to

deliver access, insight and an unbroken sense of immersion in Antarctica.

Antarctica.
